YOUR VACATION CLOTHES

Will Hold Their Shape If They Are DUNDEE Tailored Clothes

A great majority of men select a suit, are satisfied for a few days only and then vaguely wonder why they can't look quite as smart in their clothes as some well-dressed man they know.

These are the men who do not realize that there are clothes today which are so tailored that they keep their original "cut"—in other words, their designed shape, until they are worn out.

The "cut" in clothes makes the style in clothes. THE NEW AND THE STANDARD COLORS IN SUMMER FABRICS.

We have them all—none of the impossible combinations that one wears of so quickly, but all of the newer shades and mixtures.

HOT WEATHER COMFORTS

SUMMER HOUSEKEEPERS

will find Electric Cooking appliances a boon during the hot days. Think of the convenience, comfort, and cleanliness of Electric Grills, Electric Toaster Stoves, Electric Coffee Percolators, and Electric Chafing Dishes.

Think of a grill that will do your frying, toasting, and boiling by a turn of the switch. It is compact, light, and inexpensive.

You will never want to make coffee any other way after you have tried an Electric Percolator, and you can make toast on an Electric Toaster such as you never made before.

Our new Electric Irons will interest you. Mail us your address and we will send a demonstrator who can show you more about the advantages of any of these articles than we can tell you.
